

PDF XChange PRO is a professional PDF converter and editor

- It's a bundle package that combines the three best-selling applications that Tracker Software produces:
- PDF-XChange Editor Plus can be used to create seamless PDF files from a wide range of sources – including Microsoft Office documents.
- PDF-Tools can be used to convert files of almost any format to/from PDF. Avail of thirty built-in standard tools, as well as functionality to clone and edit these tools and their variables as you desire.
- PDF-XChange Standard is a virtual printer
- PDF-XChange is **preinstalled** on your workstation

Access PDF XChange over ThinLinc

- Enter to your **ThinLinc** application with you MPI login and enter the Windows Desktop 2012 by clicking on Windows 2012
- The virtual Windows Desktop will appear afterwards and by clicking on the icon PDF XChange on the desktop you can open the program
- If you want to work with PDF XChange Pro on your own devices, follow the installation-guide here: <https://pdf-xchange.de/DL/pdf-xchange.htm>
